

CAMS Exam Prep (Unofficial)

Part B: Q&A Styled Course

Instructor: Shivgan Joshi

Mastering AML Frameworks and Exam-Style Questions

Welcome! This course is designed to help you quickly understand and retain the most important anti-money laundering (AML) concepts tested in the CAMS exam, using question-answer and summary slides.

Focused CAMS Part B Topics

- ▶ **FATF 40 Recommendations:** A thorough breakdown of the risk-based approach, customer due diligence, and international cooperation.
- ▶ **Key Regulatory Frameworks:** Understand the US Patriot Act and the EU AML Directives, as they frequently appear in exam questions.
- ▶ **Global Organizations:** Explore the roles and standards of the Egmont Group, Wolfsberg Principles, and UN Sanctions frameworks.
- ▶ **Exam-Style Practice:** Reinforce your learning with realistic practice questions, explanations, and common trap identification.

Course Goal: Provide a focused, exam-oriented review to help you confidently approach the CAMS certification.

Why This Course and How to Use It

Ideal for Efficient Exam Preparation

- ▶ **Designed for Success:** Created for AML analysts, compliance professionals, and certification candidates who need a targeted review of CAMS Part B.
- ▶ **Last-Minute Revision:** The structured Q&A format is perfect for quick, effective studying and understanding common exam traps.
- ▶ **Build Your Knowledge:** Move step-by-step from core concepts to practical application to strengthen your foundation and readiness.

Tip: Use this course alongside the official CAMS study materials for a comprehensive preparation strategy.
